Dear Franz Kuenzler,

Prayerful greetings from the Catholic Bishop's House, Pathanamthitta, India!

I thank you most sincerely for your letter dated December 20, 2012 informing me that you have decided to financially support the project: "Impart vocational skills in paper cup and plate preparation to the physically challenged children in Ashwasa Bhavan, Pathanamthitta, Kerala".

A Couple of days ago I have received the information from the bank that an amount of Indian Rupees 6,10,914/- was received in to the bank account for the aforementioned project. This great support for the Autistic children of Ashwasa Bhavan, the home for the differently abled and mentally challenged, is greatly appreciated and deeply thanked. Your love and care for these children and adolescents fill our hearts with joy and gratitude.

Please know that the sanctioned amount will be used solely for the same with meticulous care. Also, we will be sending project completion report with photographs and relevant documents with in the stipulated time.

Please find enclosed herewith "the charitable donation certificate", "a donation certificate" for your official records.

Thanking you again assuring our prayers and sending warm greetings of Easter Season.

Yours Sincerely in Our Lord,

Most Rev. Yoohanon Mar Chrysostom
Bishop of Pathanamthitta
